SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

On May 14, 2019, we published a Federal Register notice soliciting comments on this collection of information for 60 days, ending on July 13, 2019 (84 FR 21355). We did not receive any comments in response to that notice.

We are again soliciting comments on the proposed ICR described below. We are especially interested in public comment addressing the following issues: (1) is the collection necessary to the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public

record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment - including your personal identifying information - may be made publicly available at any time. Abstract: Pursuant to the Animal Welfare Act (AWA), its Regulations (AWAR), and the Interagency Research Animal Committee (IRAC), any entity or institution that uses vertebrate animals for research, testing, or training purposes must have an oversight committee to evaluate all aspects of that institution's animal care and use. To be in compliance, the NPS is responsible for managing and maintaining an Institutional Animal Care and Use Committee (IACUC) that provides the experience and expertise necessary to assess and approve all research, testing, or training activities involving vertebrate animals on NPS managed lands and territories. All research, testing, or training projects involving animals taking place on NPS territories must be approved by the NPS IACUC prior to their commencement.

Principal Investigators (PI) are required to submit one of the following forms for consideration by the committee:

- IACUC General Submission (GS) Form (NPS Form 10-1301)
- IACUC Amendment Form (NPS Form 10-1301A)
- IACUC Annual Review Form (NPS Form 10-1302)

- IACUC Concurrence Form (NPS Form 10-1303)
- IACUC Field Study Form (NPS Form 10-1304)

As determined by the AWA, The NPS Institutional Animal Care and Use Committee (NPS IACUC), is a self-regulating entity that currently consists of a Chair, NPS Regional members, and two additional posts (a veterinarian to serve as the “Attending Veterinarian” and another individual to serve as the “Unaffiliated Member At-Large”).
